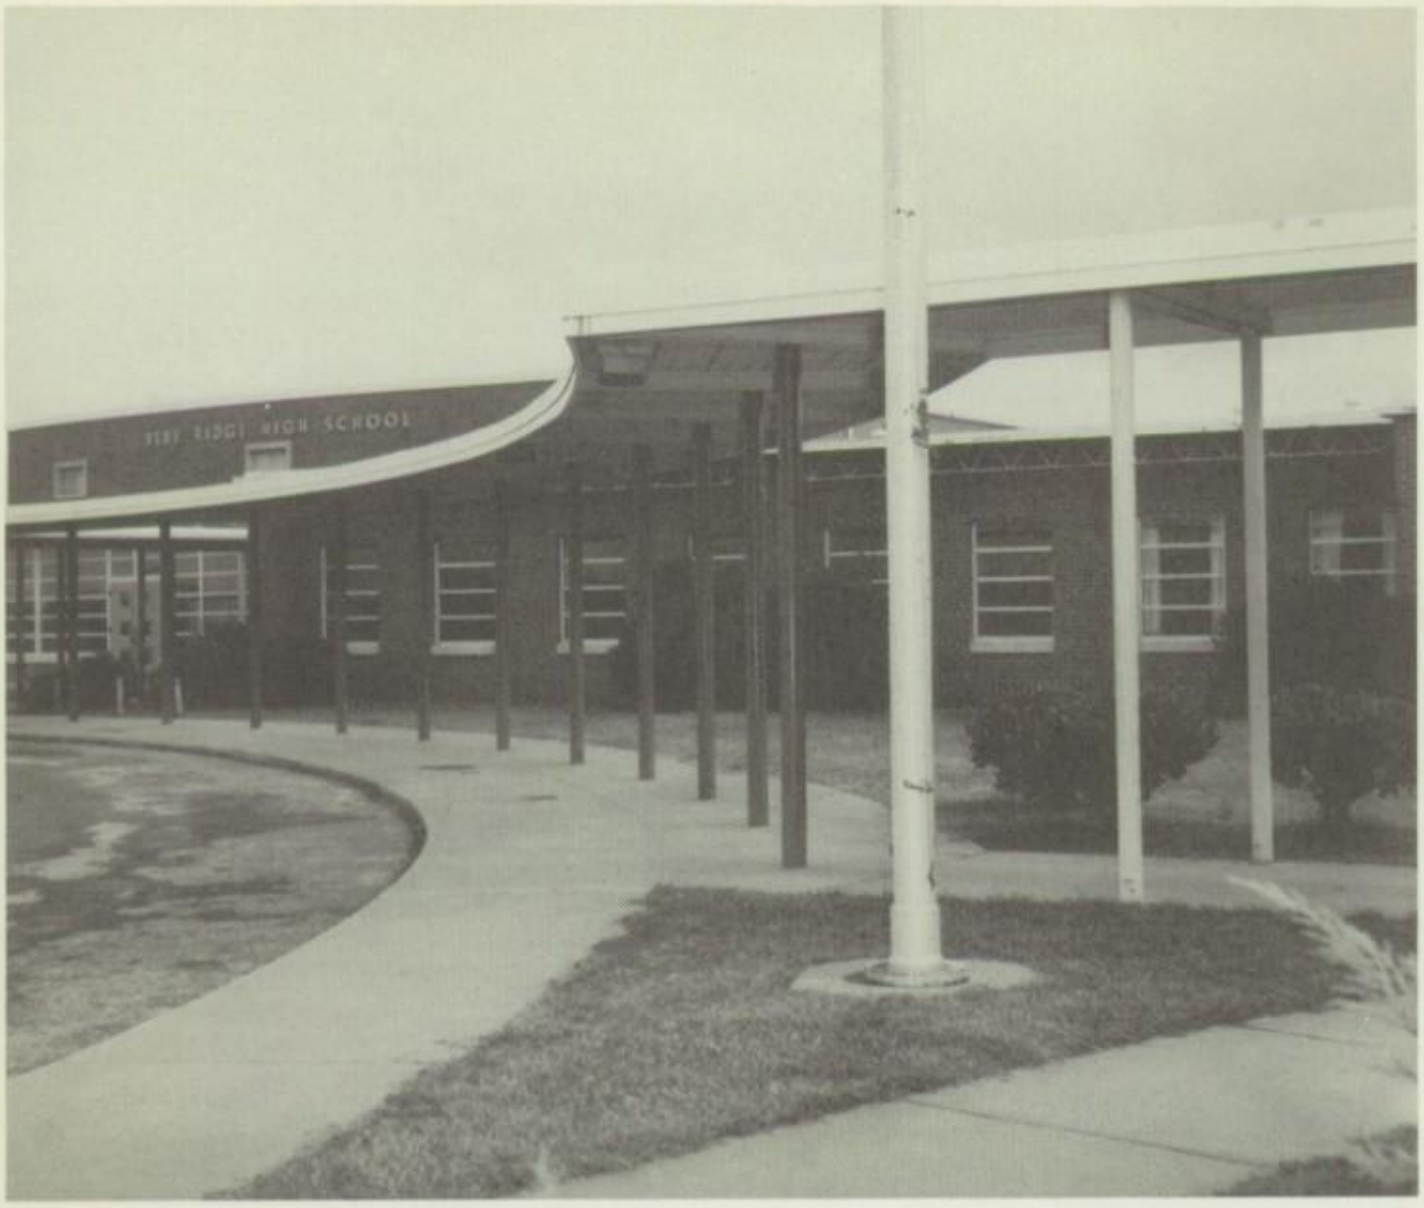
Blue Ridge High School

Greer, South Carolina

Stands



our noble Alma Mater,
Glorious and true.

Foreword . . . .

This book is sincerely offered to the students of Blue Ridge High School in the hope that it will preserve for them a remembrance of days lived together in pursuit of knowledge, which is the greatest and best gain, for knowledge is goodness.

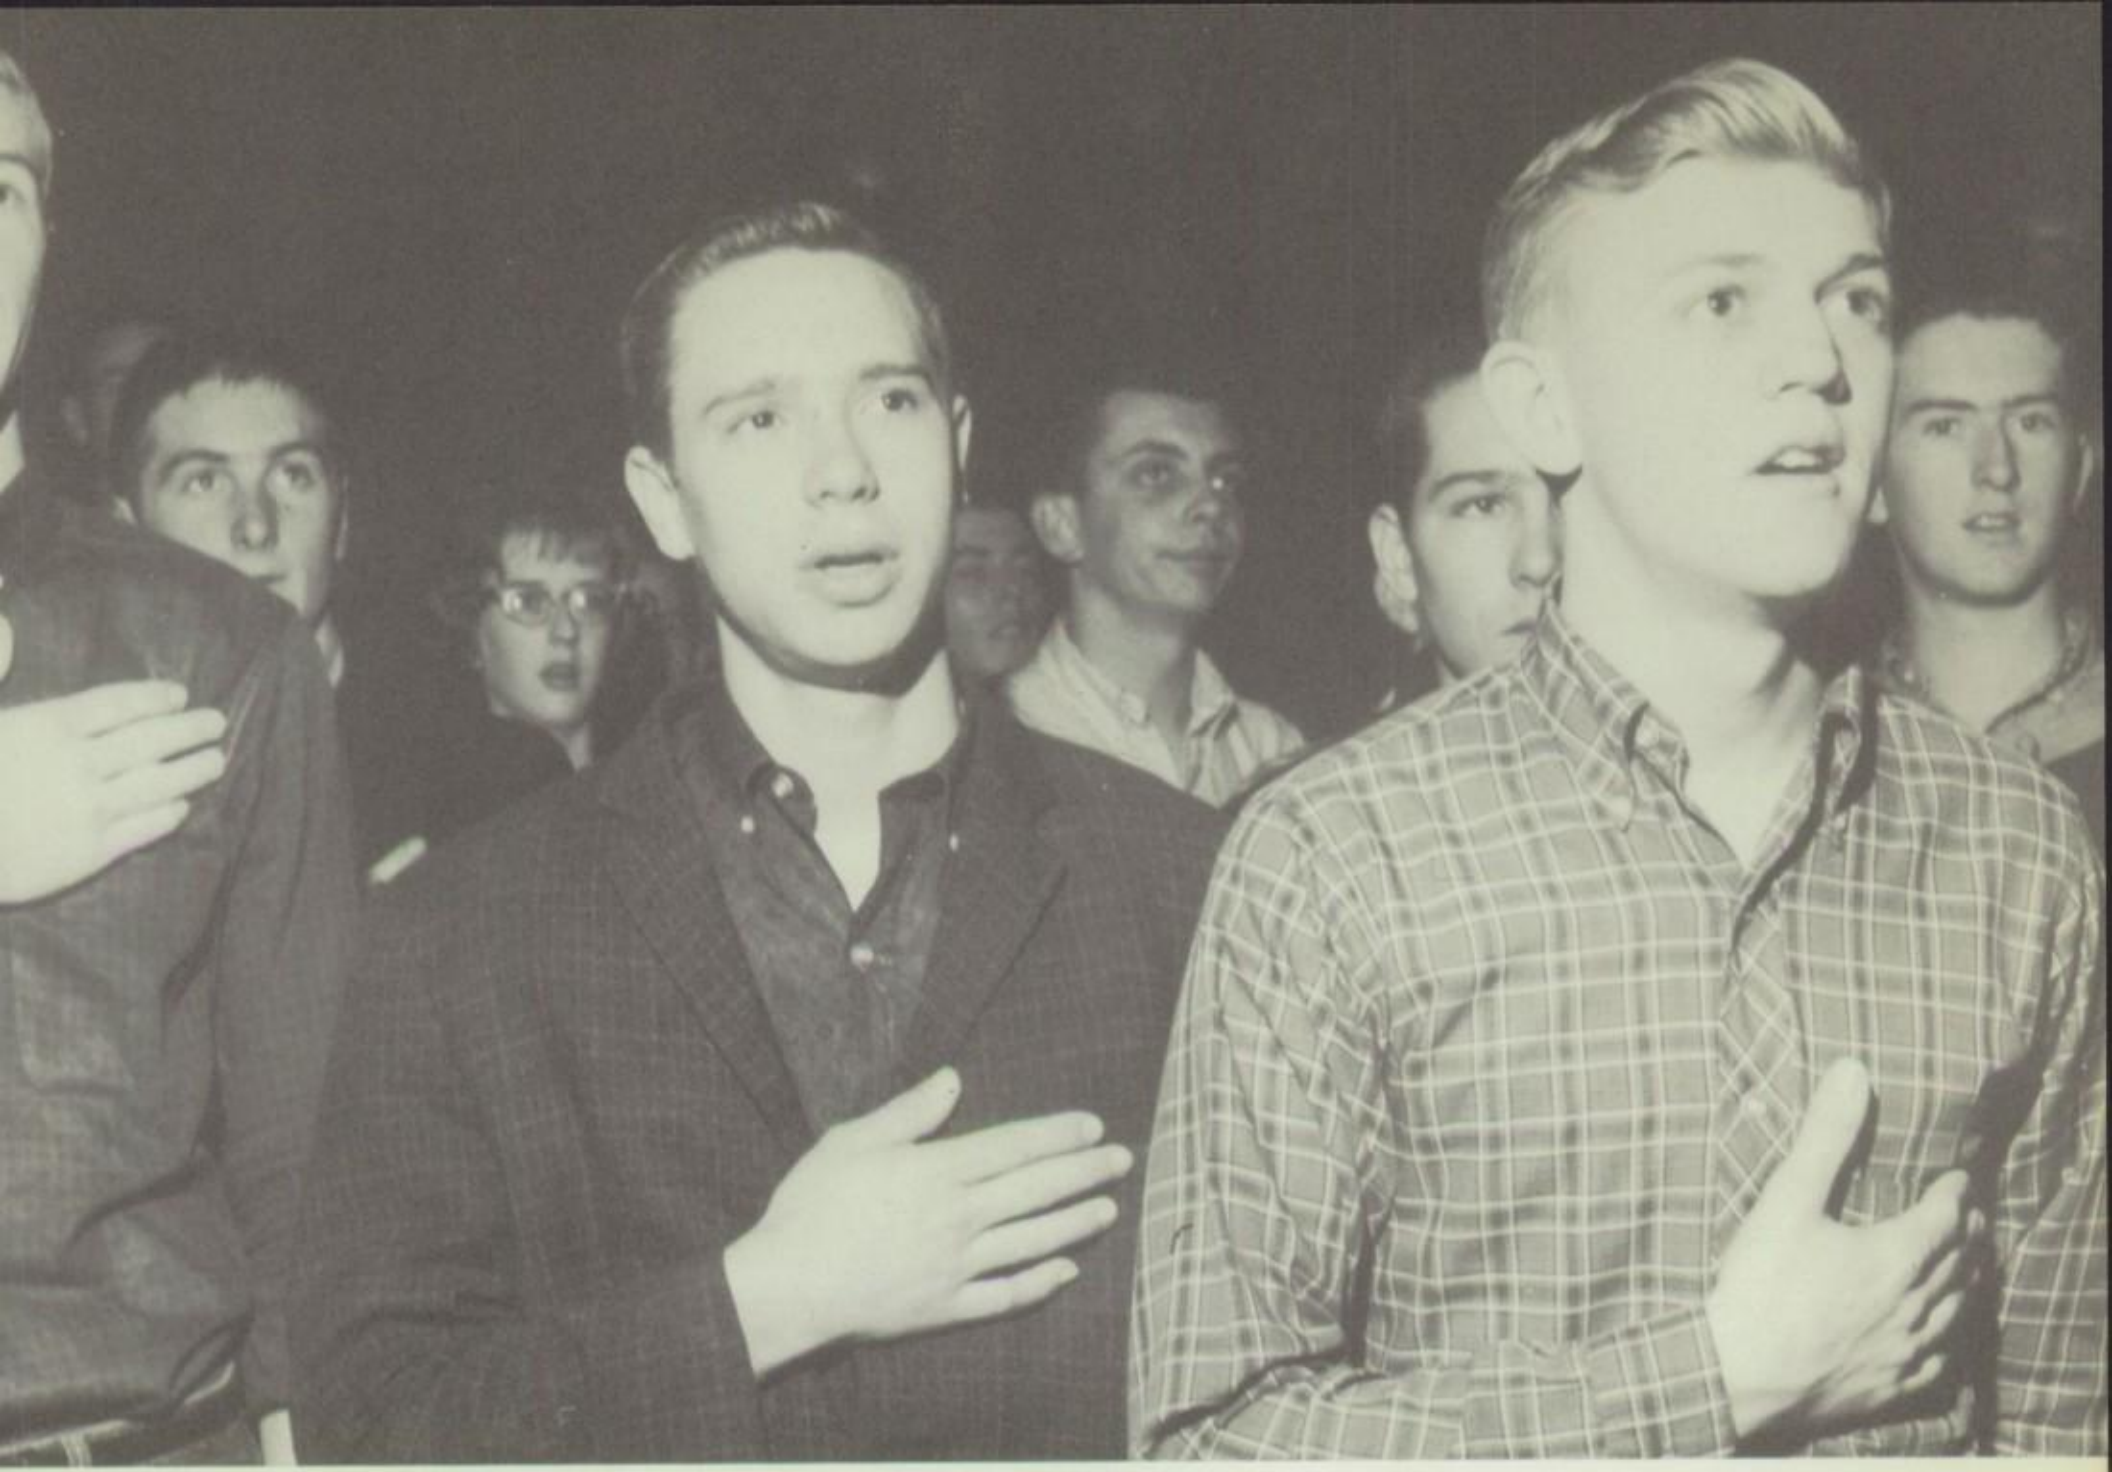
Diogines Laertius has said that there is "one only good, namely knowledge; and one only evil, namely ignorance."

Many memories has she

Pleasures . . .

brought us

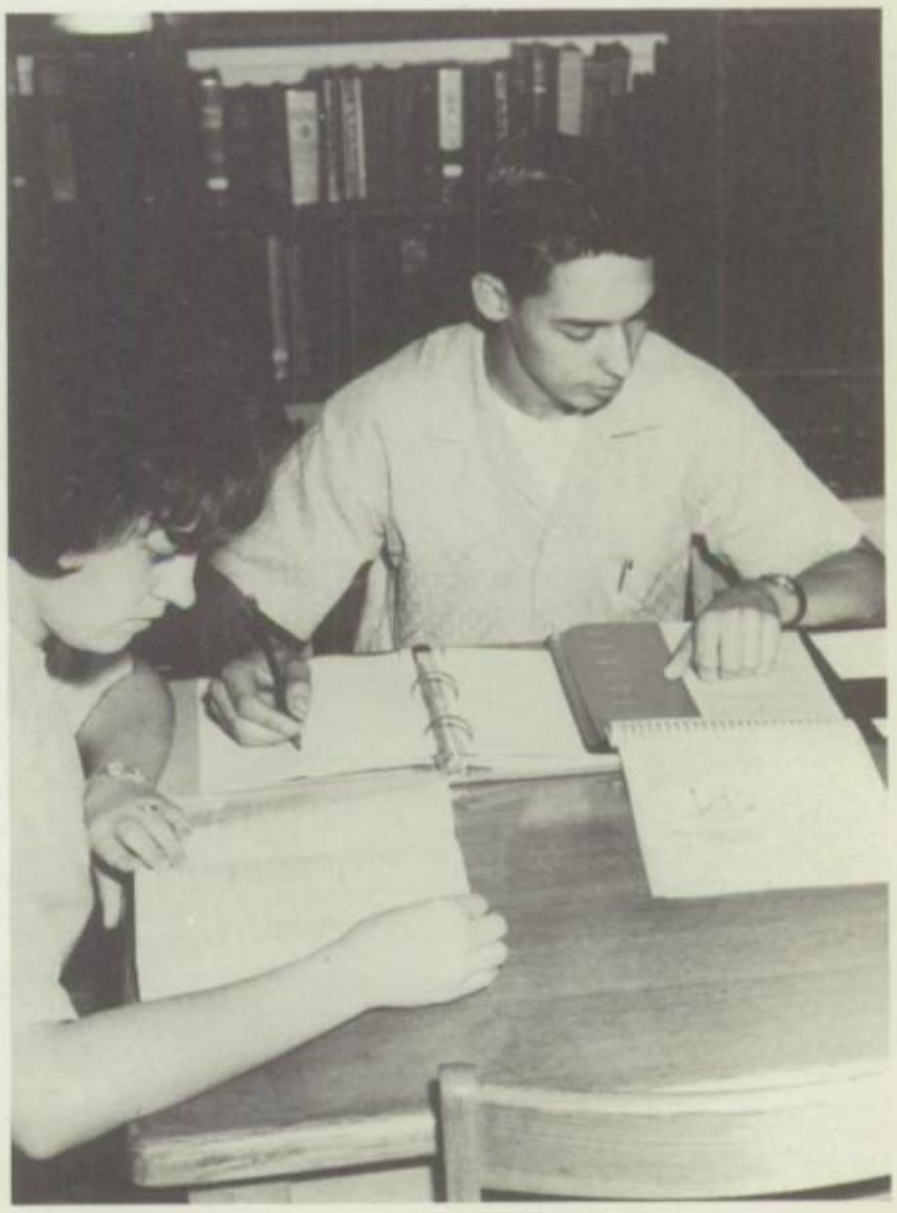
. . . knowledge, truth,



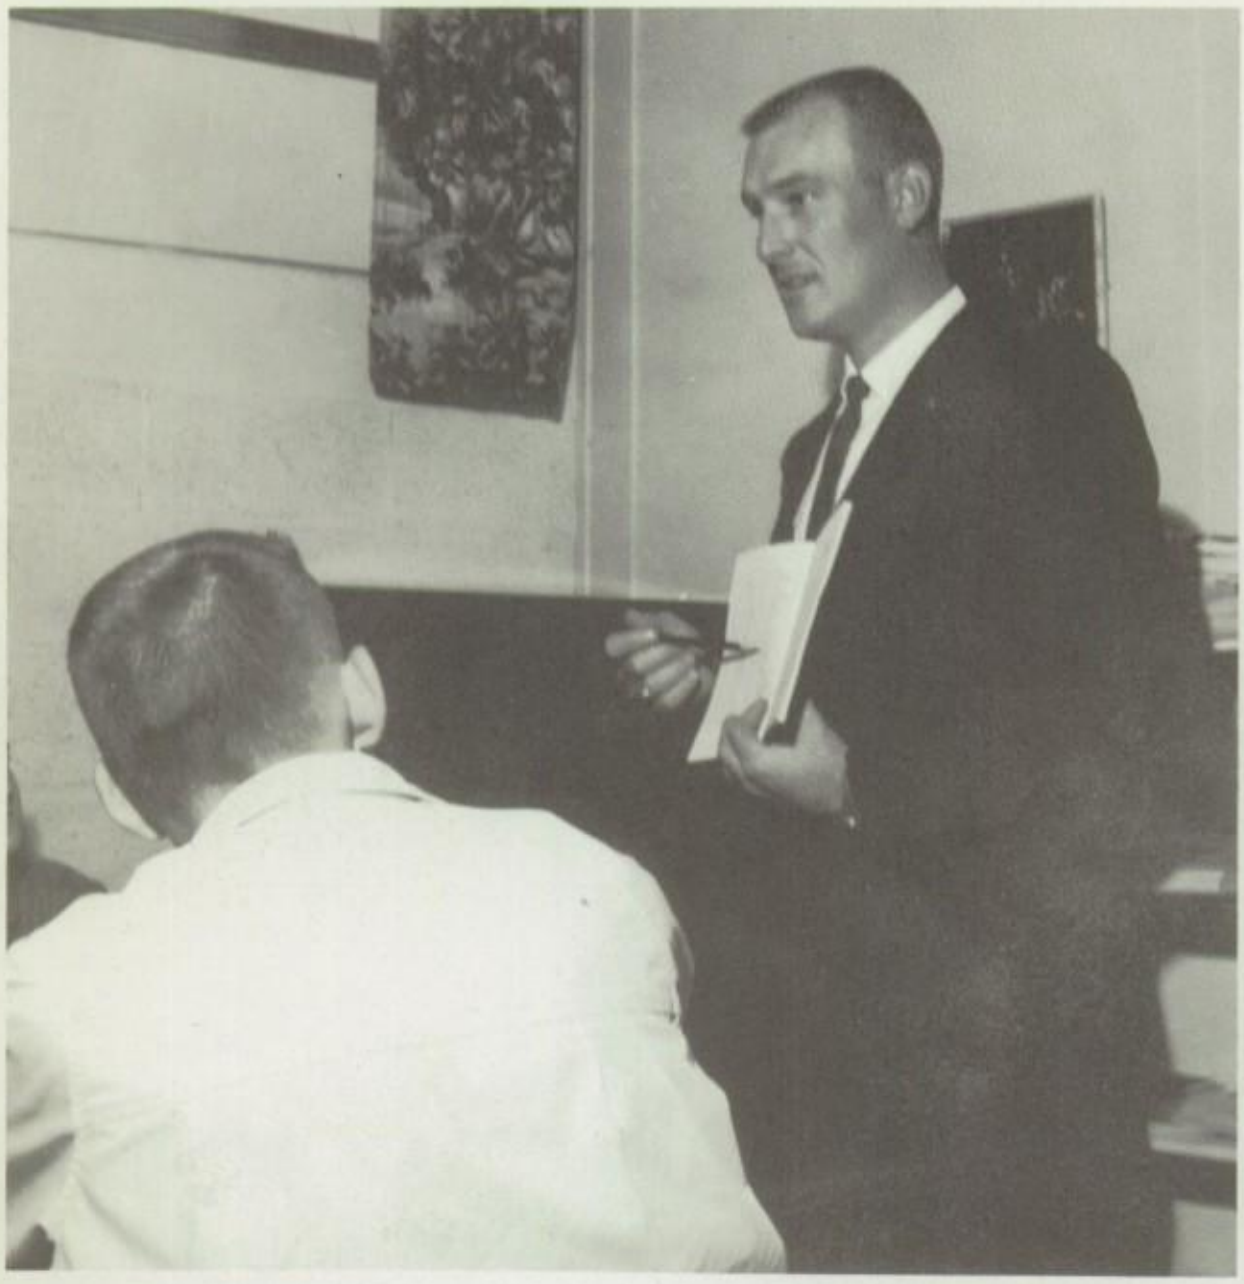
Giving light to all

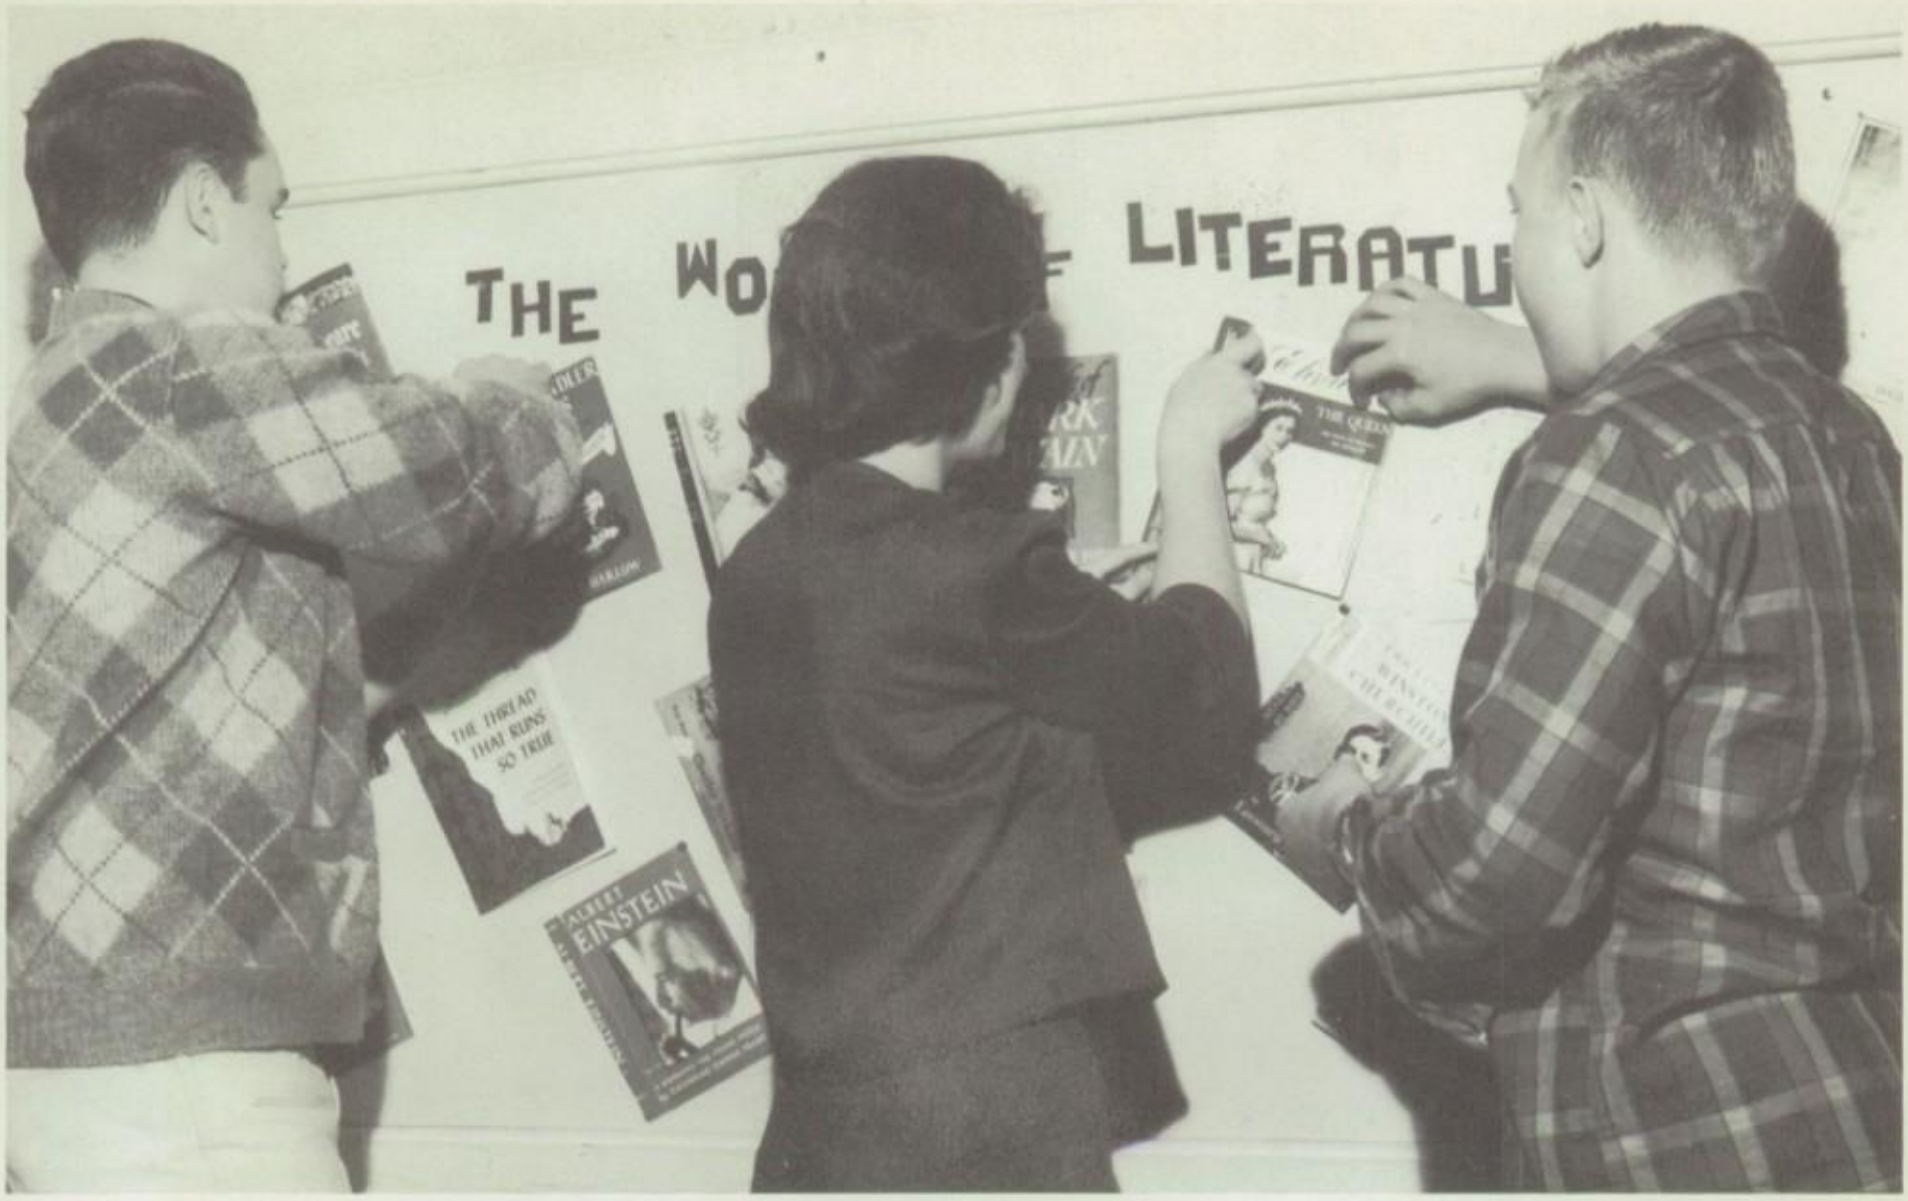
her children,

Making better youth.

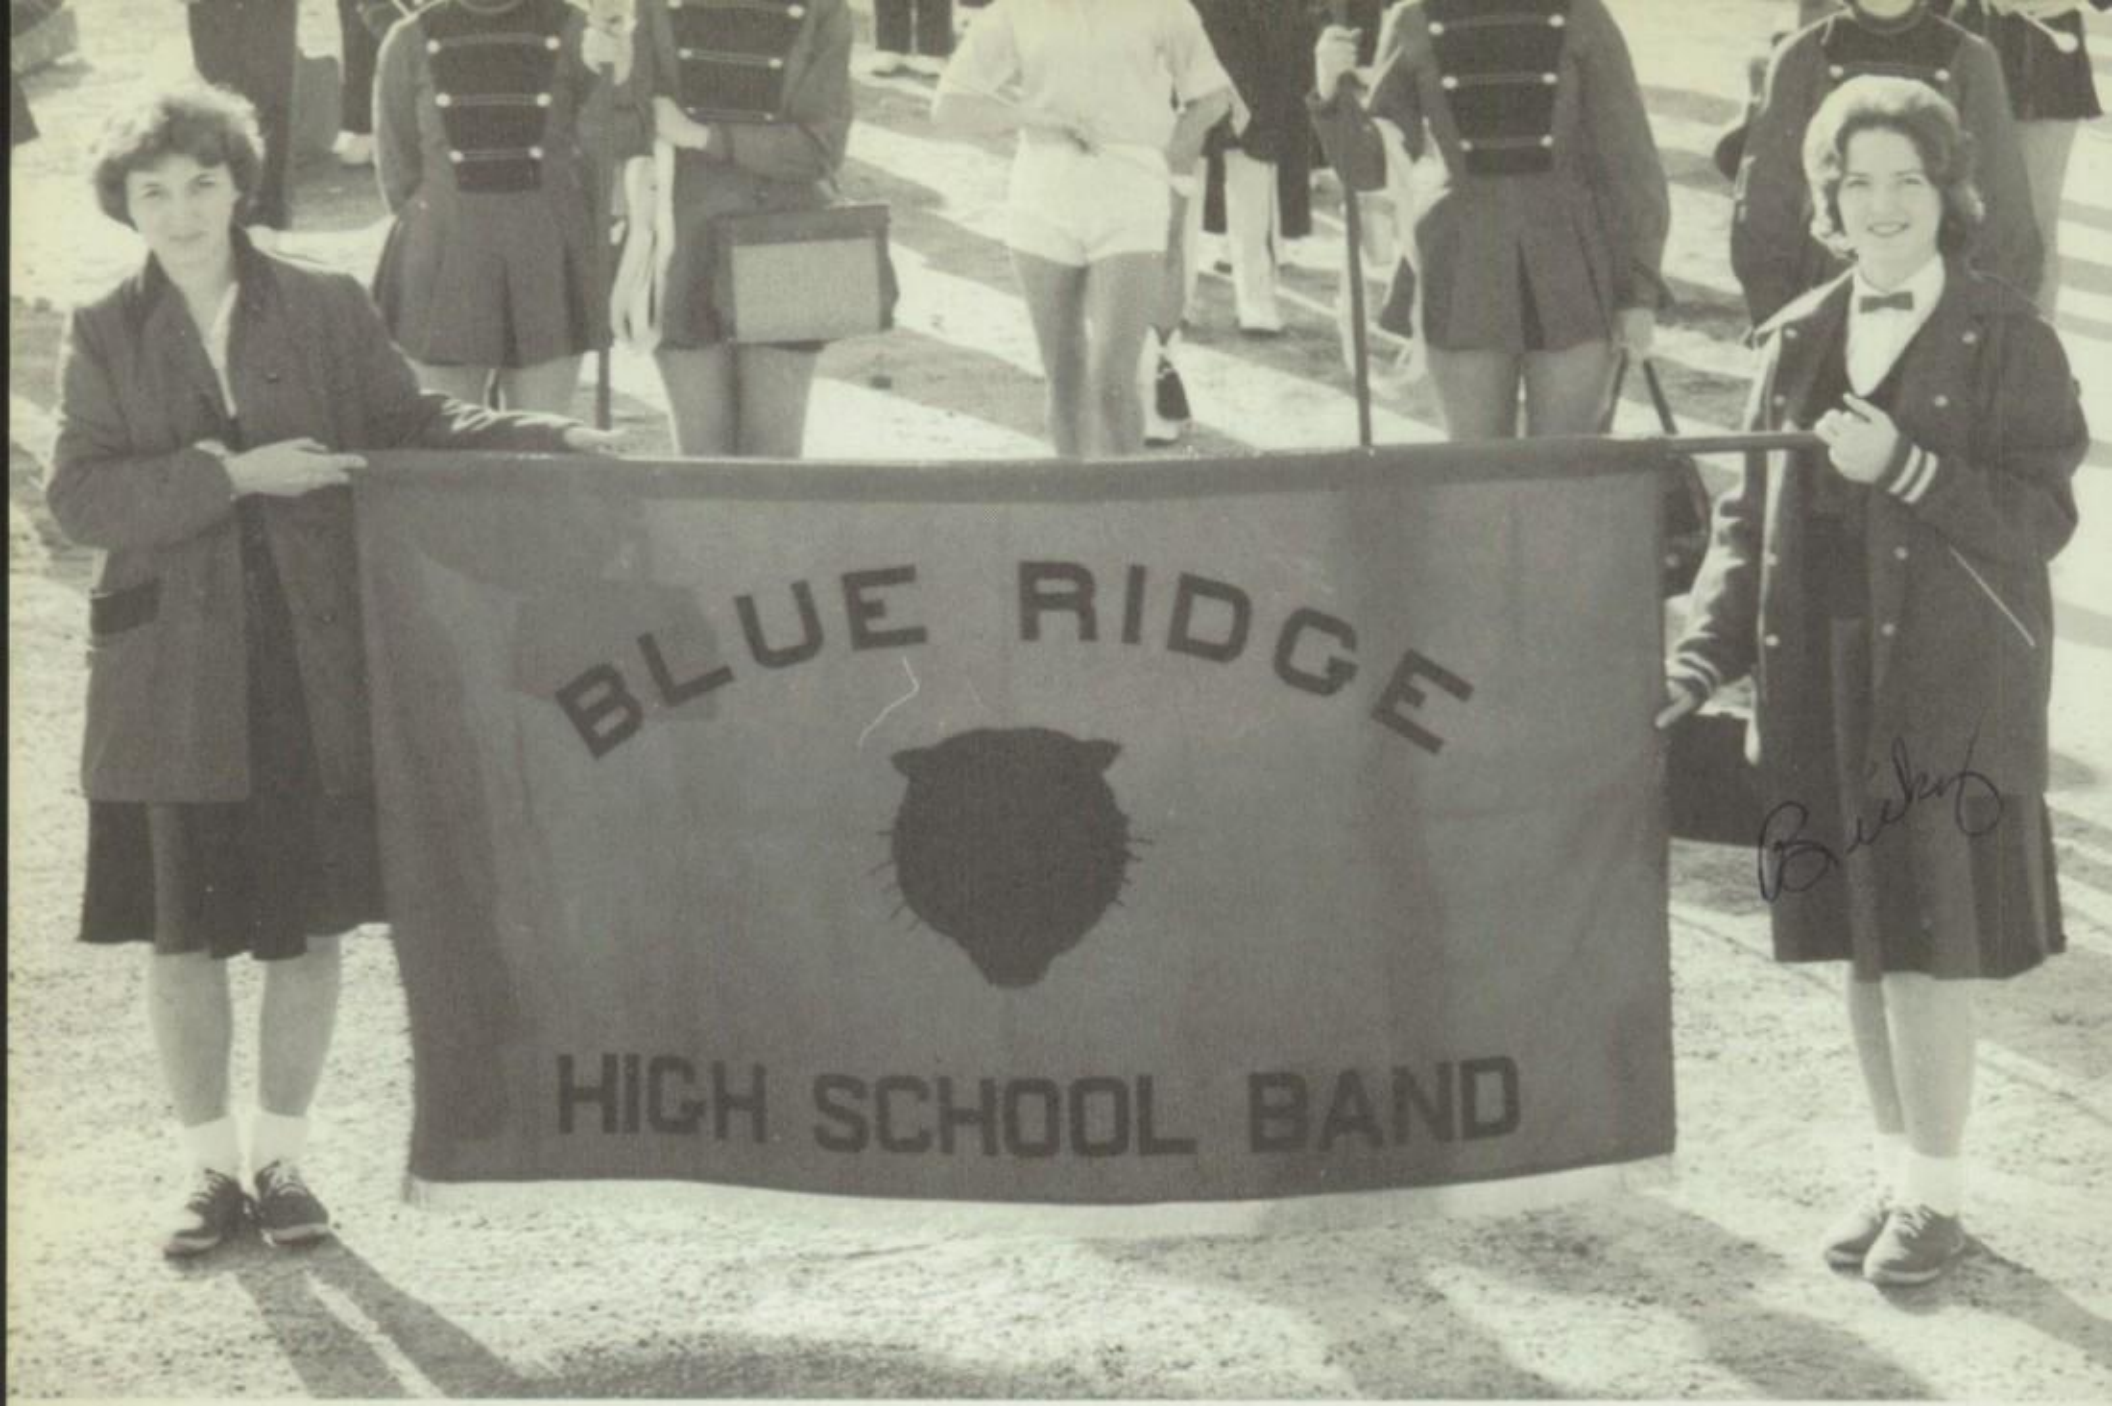


Dear old Blue Ridge , Alma Mater
She has been our guide.

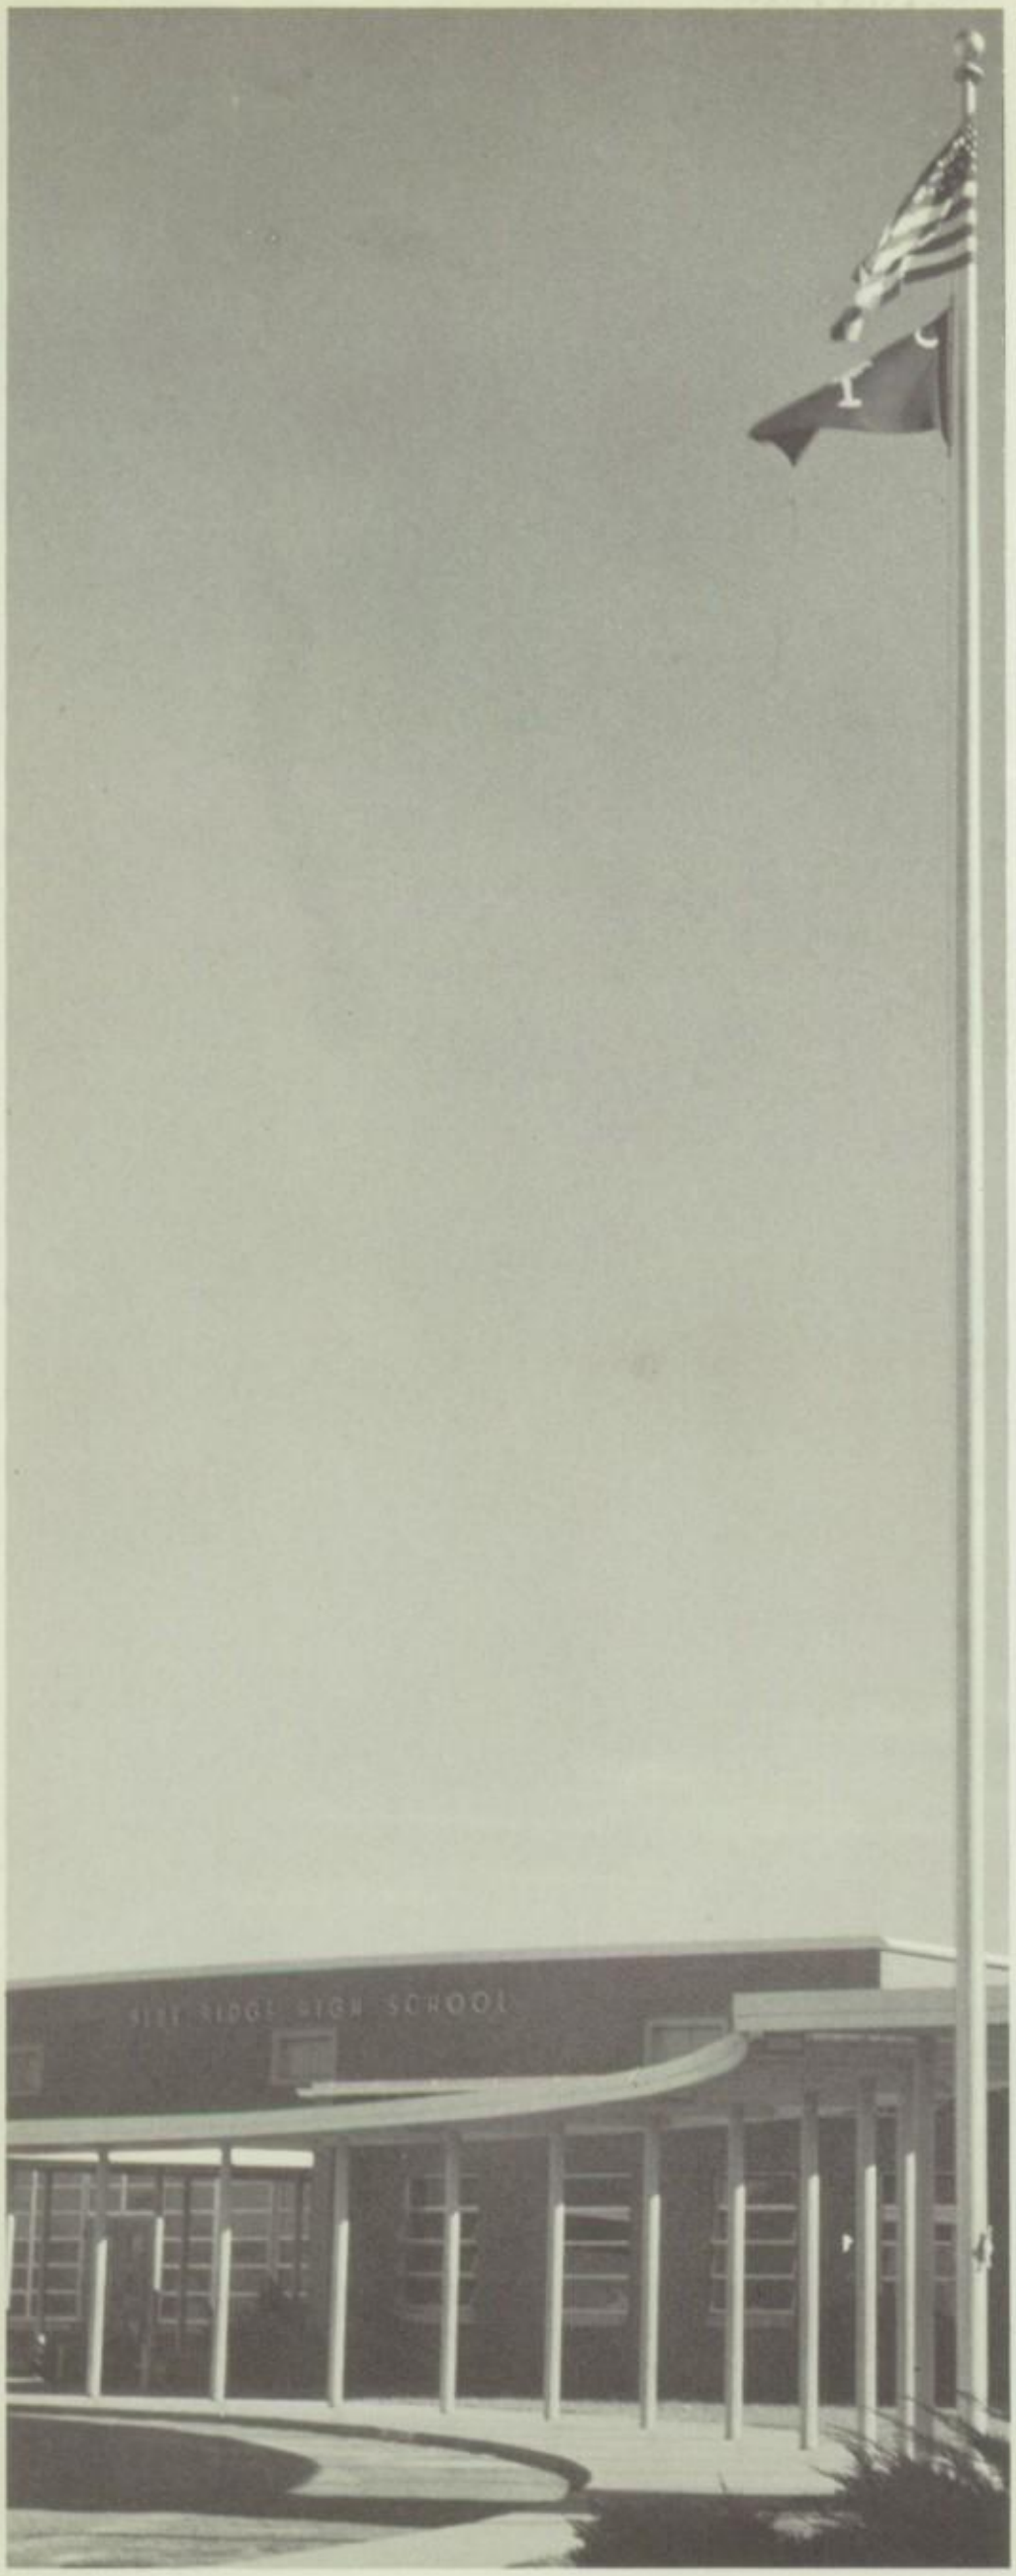




In our hearts we'll
serve her truly;
We'll be by her side.



Red and black we
hold before us,
As the years go by.

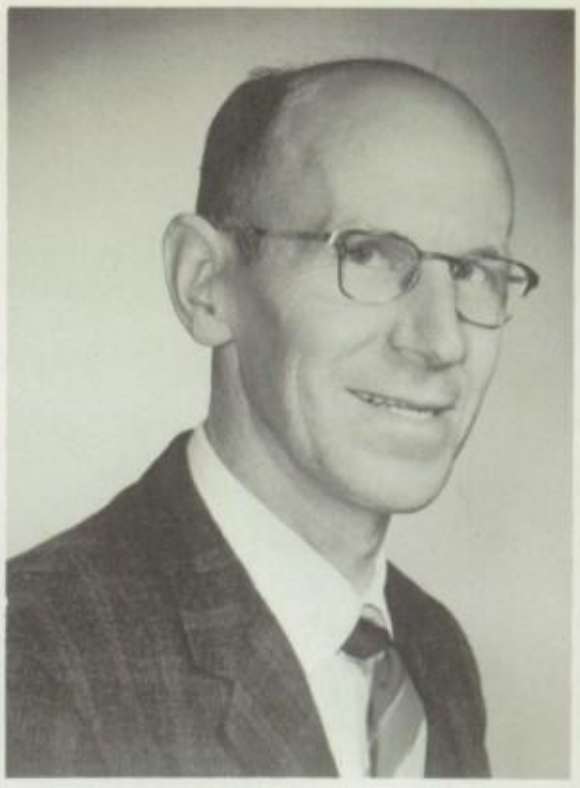


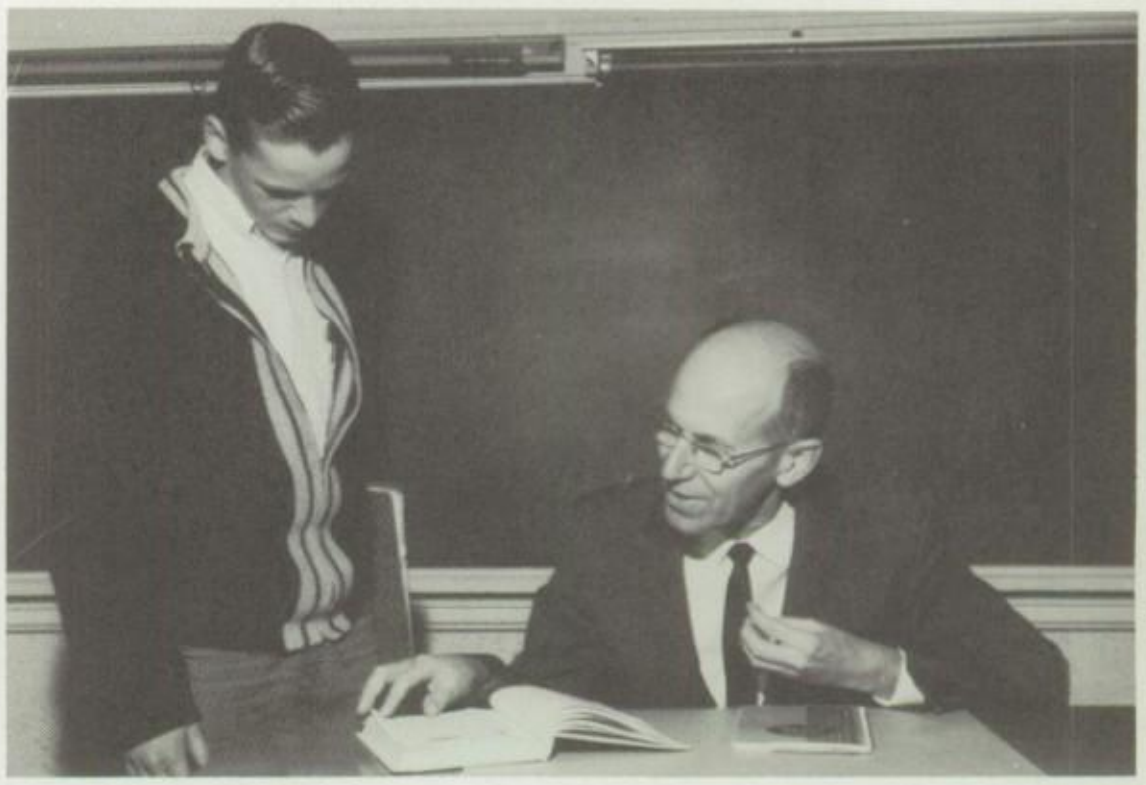
In our hearts she'll
live forever;
Hail to Blue Ridge High!

A Tribute

Mr. George A. Martin

We pause to pay tribute to one who has served Blue Ridge faithfully since its first days. He has always been willing to lend a helping hand in his patient, good-natured way. His character has been exemplary for each of us, and his knowledge of math has helped to enlighten us.





FACULTY AND CURRICULUM

Administration

The primary concern of the school administration is the supervision of classroom instruction. This responsibility includes, directly and indirectly, all activities which affect the school — student progress, school personnel, school plant, extracurricular activities and community services.

Joe M. Forrester
B.S., M. Ed.

Mrs. Florence J. Crain

Homer H. Voyles
B.A., M. Ed.

Guidance

It is the purpose of our guidance services to assist each student in gaining self-understanding and self-acceptance as a basis for meeting his needs, solving his problems, and achieving his maximum development as a mature individual. This, we hope, can be accomplished through individual conferences, group guidance testing, well-kept records, course planning and orientation.

Mrs. Doris Dobson

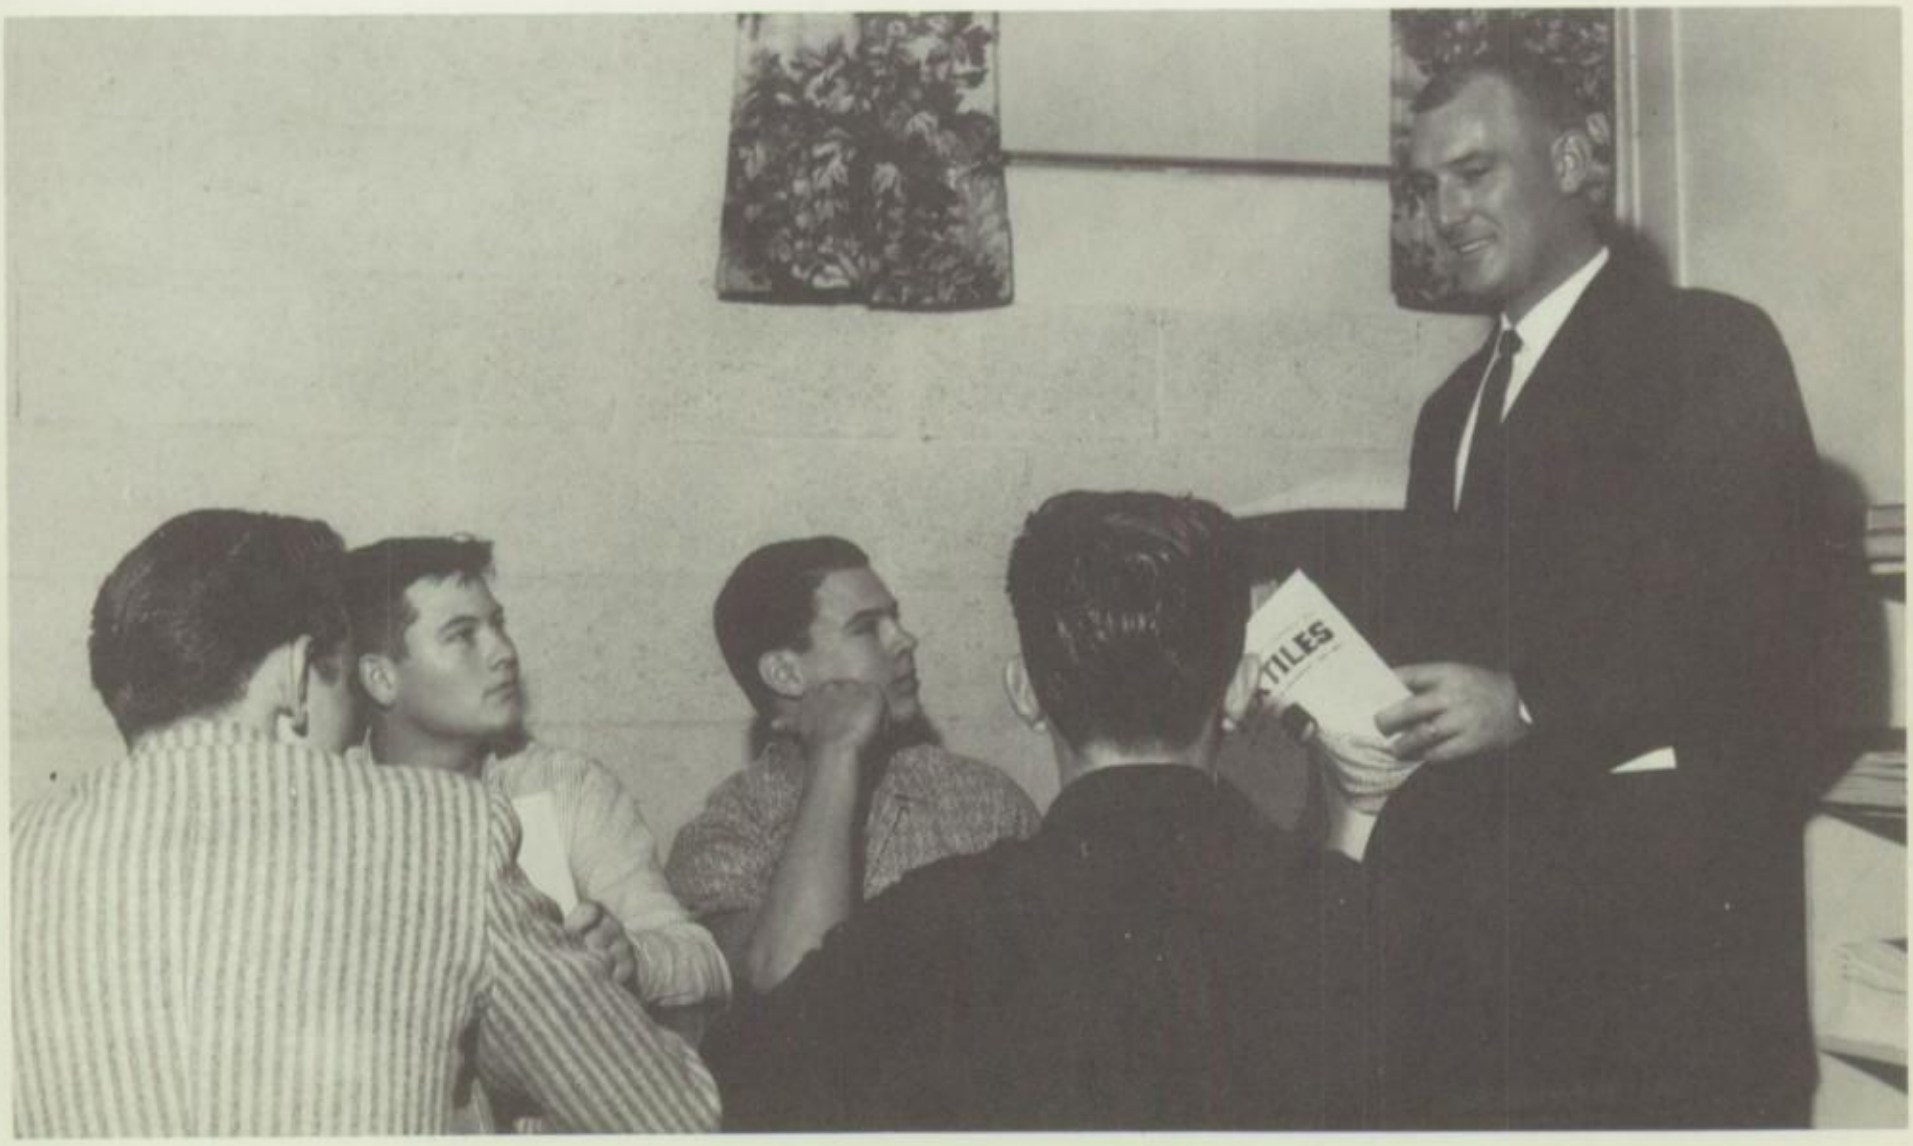
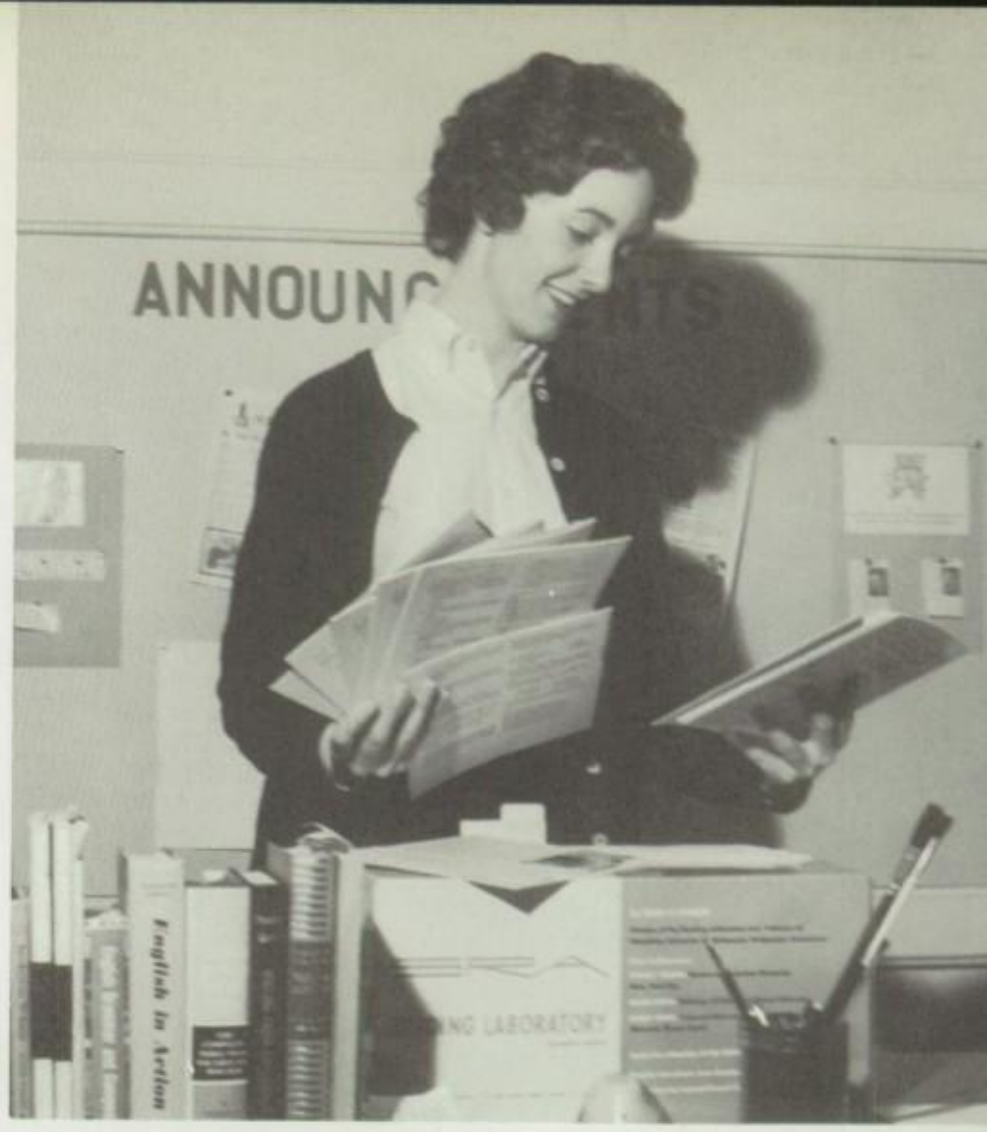
Homer H. Voyles
B.A., M.Ed.



Miss Glenna Carruth
B.A., M.Ed.



Miss Katherine Harrell
B.A.

Languages

To teach students to communicate well, both in writing and speaking; to encourage an interest in and a love and appreciation for all good forms of literature; and to develop and encourage intellectual curiosity and creativity—these are the objectives of our English courses. For the first time we have a business English course included in our curriculum.

We now have sixty students enrolled in our three French classes. French grammar, culture, and literature make up the course of study.

Miss Mary Berry
A.B., B.S., M.S.

Library

Twenty-one student assistants help the librarian in making posters, displays, checking books in and out, and in helping to make the library an attractive, relaxing place for browsing, working, and reading.

About 200 new books on varied subjects were added during the summer.

Science

In this scientific age teachers are giving a better understanding of science in an informal, intimate, and practical method. These principles can make application for modern daily living.

George A. Martin
B.S., M. Ed.

Mathematics

Mathematics, one of the most important subjects of today, has made us aware of the need of learning and understanding the many "whys" of it. We try to encourage students to logically reason out answers for themselves and to see the importance of being able to do so. If they learn to think for themselves, a great part of their lesson has been learned.

Eighth Grade

All eighth grade students get a basic foundation in English, mathematics, South Carolina history, general science, and physical education. Many of these take advantage of additional musical training in band and chorus.

Best Wishes
Lillian Jenkins

Home Economics

Home economics provides instruction in many phases of homemaking so that students may live happily and more successfully. These phases include managing the home; maintaining family health; improving human relationships; caring for children; selecting, preparing, and serving nutritious family meals; selecting, caring for and making clothing; and improving housing and home furnishings.

Mrs. Lillian Jenkins
B.S.

Miss Mildred Few
B.S.

Agriculture

Vocational agriculture consists of units of instruction in the following: production of crops, foods, livestock and poultry; farm management; mechanics; woodwork, electricity, and welding; masonry and plumbing; and public speaking and parliamentary procedure.
Four years of agriculture are now offered to those interested in this field.

Physical Education

The physical education program is organized and planned in such a fashion, that every student is given the best possible opportunity to develop physical fitness, sportsmanship, recreational ability, an appreciation for health and exercise, and desirable social and leadership qualities.

Miss L. Elizabeth Crain
B.S.

Athletics

The athletic program develops good social attitudes and sportsmanship among students.

Commerce

Our world is becoming more and more a "business world." A knowledge of shorthand, typewriting, and bookkeeping helps to prepare our students for better jobs in a competitive business world.

Mrs. Glenda Riley

Music

The music department in band and chorus strives to give training in the rudiments of music to accomplish the best possible balance and intonation.

Private piano lessons are avaliable to students interested in this training.

ATHLETICS

RAH! RAH! RAH!

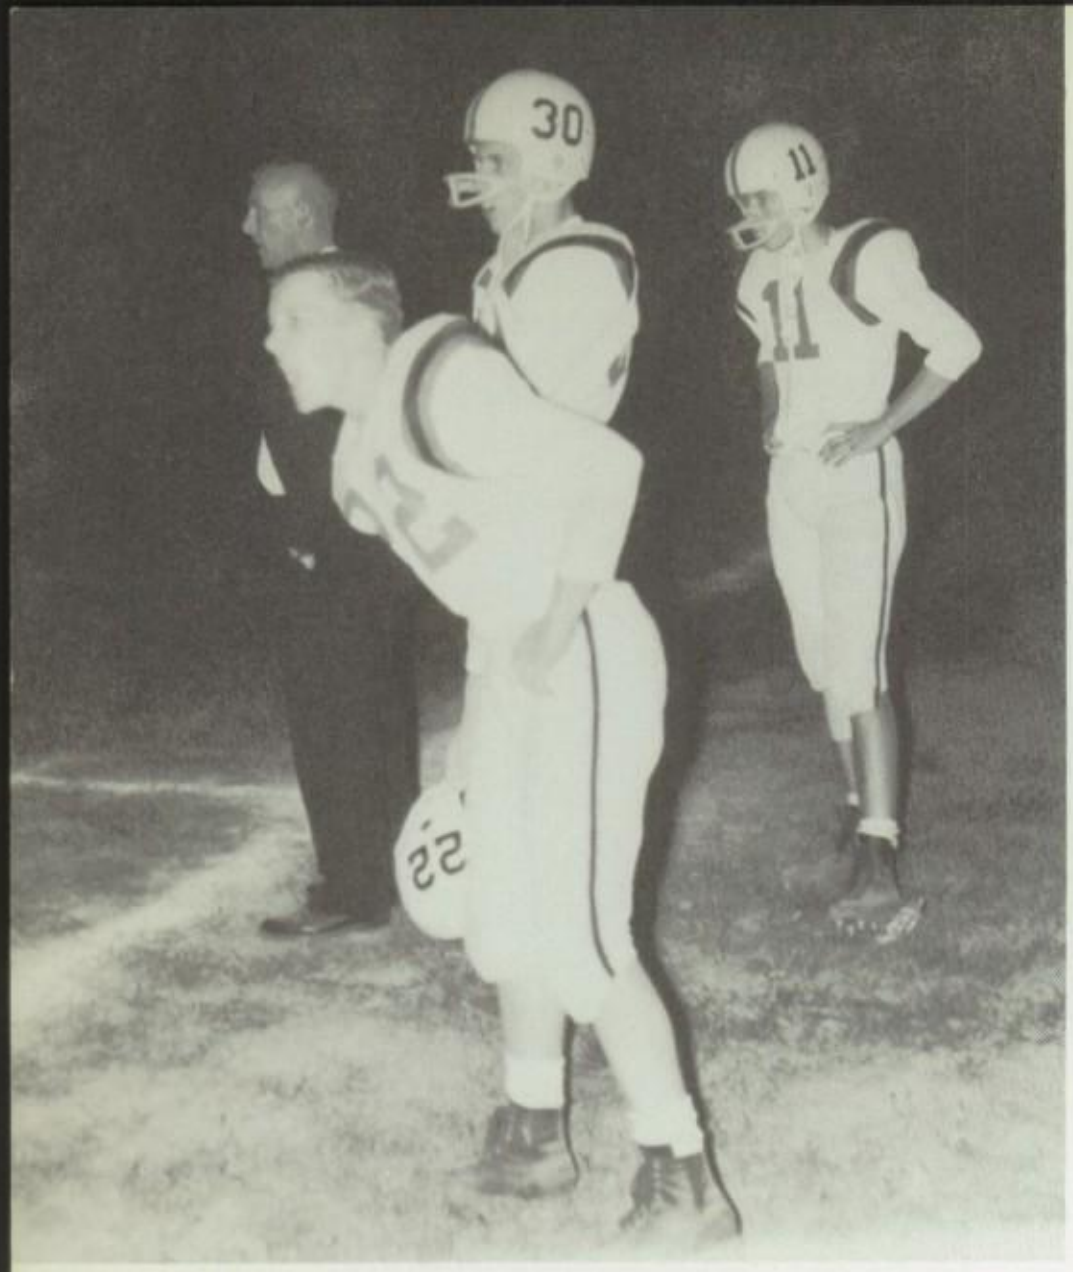
They kept up the spirit of B. R.

Karen Arms, Becky Breazeale, Faye Henson, Linda Langley, Linda Wooten, Elaine Slatton, Ruth Ann Sloan, Patsy Bridwell, Billie Lynn Carnes.

We'll fight for old Blue Ridge High. For our motto 'Do or die'.

Yes, we'll fight on for you, And to our colors we'll be true. Rah! Rah! Rah!

We're all for you, And we know you'll see us through. So come on and fight, And we'll all be proud of you.



Oh! Those horrible refs!

Bishop leads interference.

Though bruised and sore,

they come back for more.

Go get'um Tigers!
